

CHBC Meeting at Riverdale Baptist Church – Logistics Guide

We are thankful for the generosity of the congregation of Riverdale Baptist Church who are hosting us for our main weekly services for the next two months. This document is designed with two purposes in mind. First, it should help you know what to expect so you can be prepared and so that our services can go as smoothly as possible (1 Cor. 14:40). Second, it is designed to help you decide if you can and should join us. There are many reasons why some members of our congregation should not join us, especially those of you who see yourselves as higher risk for COVID-19. Hopefully as you see what precautions we plan to take and which precautions we do not plan to take, you can make an informed decision about whether or not to come. You should feel free in your conscience not to join us if that seems to be the wisest course of action. The sermon audio and a video of each service will be posted on the website following the service as usual.

If you or any member of your household have been sick with symptoms the CDC has associated with COVID19, please refrain from attending for at least 14 days unless you have tested negative. Additionally, please do not attend if you or a member of your household has been diagnosed with COVID19 in the 14 days prior to a service. Anyone who is exhibiting symptoms will be kindly asked to leave.

We plan to start our service at 5pm and conclude by 6:15pm.
